

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Eligibility Check

* indicates a required field

⚠ IMPORTANT NOTICE - Upcoming Election ⚠

Potential applicants should note that, in advance of the State General Election on 26 October 2024, **the Government will enter a caretaker period from 1 October 2024**. The caretaker period will last until the result of the election is known.

While some applications for this grant program may be received prior to or after the start of the caretaker period, due to the imposition of Caretaker Guidelines and the need for the public service to not bind an incoming government, the department is unable to provide advice about the outcome of the funding round or allocate any funding until the result of the election is known and a new government has been sworn-in by the Governor of Queensland.

For the purpose of this program, Regional Queensland is any location in Queensland EXCLUDING a location in one of the following South-East Queensland regions:

- Brisbane City Council
- Noosa Shire Council
- Gold Coast City Council
- Redland City Council
- Ipswich City Council
- Scenic Rim Regional Council
- Lockyer Valley Regional Council
- Somerset Regional Council
- Logan City Council
- Sunshine Coast Regional Council
- Moreton Bay Regional Council
- Toowoomba Regional Council

Before proceeding with this application form, ensure that the applicant organisation and the proposed project meet each of the eligibility criteria for the Queensland Innovation Precincts and Places Fund (QIPP) - Regional Precincts and Places Infrastructure and Technology Program, as detailed in the [program guidelines](#).

The Applicant Organisation

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Universities, research organisations and Local Government entities are eligible to apply. State and Federal Governments are not eligible to apply but may be considered as a precinct or place partner, or collaborating organisation for program eligibility.

Is a corporate entity *

- Yes No

This includes Universities, research organisations and Local Government entities

Is not an individual *

- Yes No

Is registered for GST, with an ABN *

- Yes No

Is a precinct or place partner in an innovation precinct or place, based in Regional Queensland (as defined) *

- Yes No

Is collaborating with one or more organisations based in Regional Queensland *

- Yes No

Is not a State or Federal Government body *

- Yes No

Program Intent

The intent of the Regional Precincts and Places Infrastructure and Technology Program is to establish smart place-based infrastructure and technology to increase future collaboration capabilities with industry in Regional Queensland.

The program aims to strengthen the development, effectiveness, and sustainability of regional innovation precincts and places by enabling precinct or place partners to meet the cost of capital works and/or physical infrastructure costs including buildings, digital infrastructure (internal to the innovation precinct or place), and plant and equipment required specifically for the project.

The proposed project must be focused on the establishment of infrastructure and/or the acquisition of plant and equipment including digital infrastructure at the innovation precinct or place where the applicant is physically located. Projects can include costs to improve physical connectivity to the innovation precinct or place including cabling and connection costs.

How does your Innovation Place have involvement and identification with any of Queensland's priority innovation growth areas? Select all that apply *

- Using innovative technology to advance industry (specifically automated systems, robotics and artificial intelligence, nanotechnology, biotechnology, synthetic biology, or quantum technologies)
- Innovation in cybertechnology and defence industries
- Innovation to support resilience of the Great Barrier Reef and marine environments
- Innovative methods to improve agriculture and food including novel proteins and low emissions production systems (AgTech)

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

- Using innovative methods to achieve a sustainable future in a decarbonising economy (Specifically by developing environmentally responsible mining practices including innovative methods to accelerate new economy/critical minerals industry, developing the circular economy, mitigating and preventing climate change, developing sustainable energy solutions including technology supporting green hydrogen, developing sustainable housing solutions, developing energy storage solutions, or developing sustainable water solutions)
- Building resilience against future potential pandemic crises or natural disasters (for example droughts, floods, cyclones and bushfires)
- Innovation in any other area or industry that could demonstrably contribute to Queensland's economic growth

At least 1 choice must be selected.

Multiple choices can be selected

Does your Innovation Place have an existing, clearly defined, established physical site/s? *

- Yes No

Your application is ineligible if the applicant organisation is part of a conceptual or proposed innovation precinct or place which does not have a physical site in Queensland at the time of application

Are two or more entities co-located at your precinct or place which have or possess a common interest around a central innovation theme/s? *

- Yes No

This is a requirement for your application to be considered eligible

How does your application demonstrate its collaboration with one, or more organisations based in Regional Queensland *

- The project plan includes an organisation based in Regional Queensland
- There is a funding commitment from an organisation based in Regional Queensland (evidenced in letters of support)
- There is a letter of support from an organisation based in Regional Queensland
- The activation plan includes an organisation based in Regional Queensland

At least 1 choice must be selected.

Options chosen must be evidenced within your application

Is there a focus on benefitting the Queensland innovation ecosystem at your precinct or place? *

- Yes No

Evidence of this will be considered under the assessment criteria

Does the proposed project focus *solely* on one of the following:

- the purchase, lease or licence of a building or premises
- maintenance costs for existing infrastructure
- costs to only access internet services
- developing a construction plan
- developing a property development proposal
- obtaining construction development approval
- acquisition of digital infrastructure - *external* to the precinct or place, or
- salaries (including salary and/or related on-costs) for project staff.

*

- Yes No

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Your application is ineligible if the proposed project is only focused on the above, however these can form part of a larger project

Application Issues

⚠ ELIGIBILITY ISSUE

Based on the responses provided, there appears to be an issue with the eligibility of this application.

Do not proceed with this application form, as it does not meet the program eligibility criteria.

For further information on the Queensland Innovation Precincts or Places Fund - Regional Precincts and Places Infrastructure and Technology program, please contact innovationplaces@dtis.qld.gov.au.

⚠ PROGRAM INTENT ISSUE

Based on the responses provided, your project does not align with the program intent as outlined by the program guidelines.

Do not proceed with this application form.

For further information on the Queensland Innovation Precincts or Places Fund - Regional Precincts and Places Infrastructure and Technology program, please contact innovationplaces@dtis.qld.gov.au.

Applicant Organisation

* indicates a required field

Applicant Organisation (as per entity name below) *

Organisation Name

Note the applicant should be a different unrelated entity from the precinct or place partners, and/or collaborative partners.

Trading as (if applicable, as per Australian Business Register)

Organisation Name

Only if a business name is connected to the organisation name

Applicant ABN (Must be a valid ABN, not ACN) *

The ABN provided will be used to look up the following information. Click Lookup above to check that you have entered the ABN correctly.

Applicant Organisation's Postal Address *

Address

Address Line 1, Suburb/Town, State/Province, and Postcode are required.

Partner Organisations

* indicates a required field

Precinct or Place Partners

Provide details of all precinct or place partner(s) co-located in the precinct or place who support the project.

A **precinct or place partner** is defined as an organisation that:

- is an **unrelated** entity to the applicant organisation
- is **physically co-located within the innovation precinct or place**
- is aligned with the brand and identity of the innovation precinct or place
- has a shared purpose and vision, agreement and/or common interest with the future development and growth of the precinct or place.

Please add each precinct or place partner separately using the 'Add More' button.

Name of the Precinct or Place Partner Organisation (as per entity name below) *

Must be an email address.

Is the precinct or place partner organisation a related entity of the applicant organisation or any other precinct or place partner? *

Yes No

If yes, provide details of the relationship

Word count:

Must be no more than 100 words.

Upload letter of support for this precinct or place partner organisation (PDF Format only)

Letter(s) of support are compulsory from each precinct or place partner to evidence the level of commitment (including any financial contribution) to support the delivery of the project.

Note: These should be on letterhead and signed by the CEO/CFO/Authorised Officer for each organisation who has the authority to commit the organisation to the project

*

Attach a file:

Collaborative Partners

Provide details of any other collaborative partner organisation(s) or individual who support the proposed project.

A collaborative partner is an organisation or individual who supports the application and is a separate (*external*) unrelated entity to the applicant organisation and/or precinct or place partners and is **not physically co-located within the innovation precinct or place**.

*Note: Collaborative partners may include **industry, Federal or State Government partners** who support the proposed project.*

Do you have any collaborative partner(s) who support the proposed project? *

Yes
 No

Must have at least one. Collaborative partners can not be the external service providers who will provide services for the proposed project.

Please add each Collaborative Partner separately using the 'Add More' button.

Word count:

Must be no more than 100 words.

Is a development approval and/or building approval required for the proposed project? *

Yes

No

Upload evidence from the relevant local council specifying the development or building approval requirements for the proposed project (PDF Format Only). *

Attach a file:

Where a development or building approval is not required for the proposed project, provide details confirming the non-requirement. *

Word count:

Must be no more than 100 words.

Project Funding

* indicates a required field

Project Expenditure

Grant funding may only be used for the following eligible project costs:

- building infrastructure
- digital infrastructure - *internal* to the innovation precinct or place, and
- cost of plant and equipment required specifically for the project

Items **not eligible** to be claimed under the grant funding include:

- purchase of an existing building
- lease or licence costs,

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

- costs associated with the core business of the applicant including organisational overheads
- payments between the applicant, precinct or place partners, collaborative partners and associated entities.

Note:

- Projects can also include costs to improve the physical connectivity to the innovation precinct or place including cabling and connection costs.
- Only eligible expenditure incurred on or after the project commencement date can be claimed.

Are your eligible costs for the proposed project limited to eligible expenditure (as defined)? *

- Yes
 No

List the expected costs and identify the source of funding (grant funding, applicant or partner) that will meet the costs to deliver the proposed project.

Note: This is an overview of your budget. The detail budget that you will attach below should list all items under these categories

Expenditure Categories Grant Funding Applicant Cash Partner(s) Cash Total

Expenditure Categories	Grant Funding	Applicant Cash	Partner(s) Cash	Total
			Incl Precinct or Place Partners and/ or Collaborative Partners	This number/ amount is calculated.
Buildings	\$	\$	\$	\$
Digital Infrastructure - internal to the precinct	\$	\$	\$	\$
Plant and equipment	\$	\$	\$	\$

Funding summary

\$

The total cash being contributed to the project, including the funding sought from Queensland Government.

Upload a copy of the proposed detailed project budget (Excel Format Only) *

Attach a file:

Must be in excel format.

⚠ ELIGIBLE EXPENDITURE ISSUE

Based on your response it appears to be an issue with the eligibility of costs in your budget.

For further information on the Queensland Innovation Precincts or Places Fund - Regional Precincts and Places Infrastructure and Technology program, please contact innovationplaces@dtis.qld.gov.au.

Assessment Criterion 1

* indicates a required field

Significance of the opportunity to the regional innovation precinct or place

To meet this criterion, you must demonstrate the proposed project will:

- increase the regional innovation place's collaboration capabilities and outcomes
- establish key smart place-based infrastructure to support future industry focused collaborative projects
- place the precinct or place in a position to optimise performance and increase its capacity in the region

The **project plan (previously uploaded) and activation plan** will be considered under this criterion.

Note: All criteria are equally weighted

Outline the significance of the funding opportunity and how your proposed project will increase your innovation precinct or place's future collaboration capabilities and outcomes. *

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Word count:

Must be no more than 200 words.

Demonstrate how your proposed project will increase collaboration with industry in your region. *

Word count:

Must be no more than 200 words.

Outline the benefits of the smart place-based infrastructure and technology proposed and how that will benefit the region. *

Word count:

Must be no more than 200 words.

Outline how the proposed smart place-based infrastructure and technology will increase the innovation precinct or place's capacity and optimise its performance? *

Word count:

Must be no more than 200 words.

Upload a copy of your activation plan (PDF Format only) *

Attach a file:

This activation plan should cover the total project period

Assessment Criterion 2

* indicates a required field

Strength of Collaboration(s)

To meet this criterion, you must demonstrate the proposed project will:

- involve regional partners who have a shared commitment to realise the potential opportunities for the region
- facilitate collaboration between the innovation precinct or place and priority industries

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Letters of support from precinct or place partners and/or collaborative partners (including industry partners) will be considered under this assessment criterion (as previously uploaded).

Note: All criteria are equally weighted

Provide a brief summary of your organisation and all regionally based partners involved in this proposed project. *

Word count:

Must be no more than 200 words.

Which priority industry(s) will the proposed project address and leverage for future collaborative opportunities? *

- Advance manufacturing
- Aerospace
- Agriculture and food Research Development and Extension
- Biofutures
- Biomedical
- Defence
- Hydrogen
- Mining equipment, technology and services (METS)
- Screen
- Resource recovery
- Tourism

More than 1 choice can be selected. Refer to the [Queensland Priority Industries Definitions lookup](#) for detailed description of each priority industry.

Outline your plan for the innovation precinct or place to collaborate on future projects with priority regional industries. *

Word count:

Must be no more than 200 words.

Projects currently agreed or identified can be include here

Outline your organisation's plan to activate the completed project's infrastructure to increase the Innovation Place's activity with the region's priority industry sectors. *

Word count:

Must be no more than 200 words.

Assessment Criterion 3

* indicates a required field

Value and Viability

To meet this criterion, you must demonstrate the proposed project:

- involves an applicant, precinct or place partner(s) and/or collaborative partner(s) with the resources, knowledge, skills, and experience to successfully deliver the project
- is well planned and achievable within the defined timeframe and budget
- demonstrates value for money.

Project plan, project budget and letter(s) of support will be considered under this criterion. External service provider quotes for all project cost items **must be provided** for the application to be considered for funding.(as previously uploaded).

Note: All criteria are equally weighted

Outline the key project staff (including external service providers) and their skills, experience and capabilities to deliver the proposed project. *

Word count:

Must be no more than 200 words.

Outline the contribution to the proposed project by your organisation and/or precinct or place partners and/or collaborative partner organisation(s), including any financial contribution (which includes salaries as cash) to the project and the commitment to delivering the project. *

Word count:

Must be no more than 200 words.

Upload 2 page (max) resumes for the key project staff, including external service providers, responsible for the delivery and activation of the project. Each resume should identify relevant experience and qualifications. *

Attach a file:

A maximum of 1 file may be attached.

Maximum 5MB. Must be in pdf format

Upload a copy of all service provider quotes (PDF Format Only)

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

To be eligible for this program you must provide quotes for all proposed project elements within this application

*

Attach a file:

Quotes from external service providers should include the organisation's regional office address. Where there is more than 1 quote, please scan as one document and upload only in PDF format.

Applications expending funds within Queensland will be highly regarded by the Assessment Panel. Provide commentary below where this is not possible for your project (if applicable)

Word count:

Must be no more than 200 words.

Included here reasons why expenditure outside Queensland is essential to ensure successful delivery of the project e.g. X technology can only be purchase from WA

Assessment Criterion 4

* indicates a required field

Sustainability and resilience

To meet this criterion, you must demonstrate the proposed project will:

- position the regional innovation place to increase its potential long-term success and sustainability
- deliver tangible and immediate benefits to the region and its priority industries
- contribute to an increase in the maturity of the precinct or place and its ability to deliver collaborative activities to support in region priority industry sectors and emerging industries
- contribute to the support of new and high value jobs in Regional Queensland

Activation plan and Letter (s) of support from precinct or place partners and/or collaborative partners (including industry partners) will be considered under this assessment criterion. (as previously uploaded).

Note: All criteria are equally weighted

Provide details of how the proposed project will increase the long-term success and sustainability of the regional innovation precinct or place. *

Word count:

Must be no more than 200 words.

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

What tangible outcomes and benefits will be delivered to both the region and its priority industries as a result of securing the funding opportunity. *

Word count:

Must be no more than 200 words.

e.g. Hosting of regional capability development programs once a quarter with an incremental increase of participants of 2%, Access to use the incubation hub increased from 0 to 5 bookings a year

Outline how your organisation will activate the completed projects infrastructure of the Innovation Place's activity with the regions priority industry sectors *

Word count:

Must be no more than 200 words.

Provide details of how you and your precinct or place partner organisation(s) will utilise the completed project's infrastructure to create collaboration opportunities and activities to benefit the region and improve the precinct/place's capability/maturity. *

Word count:

Must be no more than 200 words.

Demonstrate how the proposed project will support existing and/or the creation of new and high value jobs in the region. *

Word count:

Must be no more than 200 words.

Mandatory Data Collection

* indicates a required field

Applicant Organisation Data

How many FTEs does the applicant organisation employ? *

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Is the applicant organisation a female owned or female led business? *

Definition: A female business is one that is at least 50 per cent female owned and/or led. By 'led' we mean the people leading the organisation in roles such as CEO, Director, Executive. A female business does not necessarily need to be female founded.

Is the applicant organisation an Indigenous business? *

Definition: Queensland Government defines an Indigenous business as one that is at least 50 per cent owned by an Aboriginal or Torres Strait Island person.

Which Local Council Area is the innovation precinct or place located within? *

Not sure? Go to <https://www.ecq.qld.gov.au/electoral-boundaries/local-government-area-boundaries>

Is the applicant organisation based outside of South-East Queensland? *

For the purposes of reporting "South-East Queensland" is any location in the following council areas - Brisbane City, Moreton Bay Regional, Ipswich City, Logan City, Redland City, Gold Coast City, Scenic Rim, Somerset Regional, Lockyer Valley Regional, Sunshine Coast and Noosa Shire.

Primary Industry Classification

The department collects data on industries that benefit from funded projects.

To assist with our reporting, please select the industry classification which will benefit from your proposed project.

Only one option can be selected from the dropdown list below.

To assist you with your options, refer to the Australian and New Zealand Standard Industrial Classification ([ANZSIC](#)) lookup link.

There are two levels within the ANZSIC hierarchy. Ensure you navigate through to the lowest level to choose an industry option.

Please select the primary industry classification that will benefit from your proposed project: *

[ANZSIC Lookup](#) Click on "Browse" then click on "Primary Industries Classification", then select an option by clicking the relevant industry (not the identifying letter) eg: Agriculture, Forestry & Fishing

Other Priority Industries

Priority Industries - refer to a niche or new industry per Queensland Government policies (Industry RoadMap) - To build our competitive strengths, diversify our economy and create the knowledge-based jobs of the future, Advance Queensland is driving innovation-led economic growth through increased collaboration between government, industry and research organisations.

The department collects data on industries that benefit from funded projects. To assist with our reporting, please select the Priority Industry which your proposed project will benefit from.

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Only one option can be selected from the dropdown list below.

To assist you with your options, refer to the [Queensland Priority Industries Definitions](#) lookup link.

There are two levels within the Priority Industry hierarchy. Ensure you navigate through to the lowest level to choose an industry option.

Please select the priority industry that will benefit from your proposed project: *

[Link to Old Priority Industries Definitions](#) Click on "Browse", then click on "Priority Industries", then select an option by clicking on the relevant option (not the identifying number) eg: Advance Manufacturing

Enabling Technologies

Enabling Technologies - separate list from the ANZSIC and Priority Industries - this is not an Industry category. This information is required to capture the type of Enabling Technologies used in activities regardless of the industry.

The department collects data on industries that benefit from funded projects. To assist with our reporting, please select the Enabling Technologies that will be used in your project.

Only one option can be selected from the dropdown list below.

There are three levels within the Enabling Technologies hierarchy. Ensure you navigate through to the lowest level to choose a technology option.

Please specify the main enabling technology used in your project: *

Click on "Browse", then click on a "Sub Category", then select an option by clicking on relevant technology (not the identifying number) eg: Artificial Intelligence

Please advise your enabling technology: *

What is the main type of technology will you provide or use in your project? eg: Autonomous Systems. Input N/A if not applicable

Benefits to Queensland

The Queensland Government reports regularly on the jobs impact of the funding allocated to recipients and their projects.

For the purposes of this section, the following definitions will apply:

- **Job** - a job is any paid position within an organisation and includes permanent or temporary, full-time or part-time, short-term or long-term positions. **Does not include** consultants, public service positions or indirect jobs (jobs that flow on through supply chains).
- **Queensland-based Job** - jobs physically located in Queensland.
- **New Jobs** - number of new Queensland-based jobs expected to be created by the applicant organisation or project partner/s as a direct result of investment during the term of the contract. **Does not include** any existing jobs (i.e. jobs already in existence /

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

funded by the applicant organisation or their partner/s prior to the commencement of the contract).

- **Future Jobs** - number of Queensland-based jobs predicted to be established within by the applicant organisation or project partner/s as a direct result of the project up to three (3) years after the contract completion date.

△ **Ensure that the jobs figures you provide are realistic and achievable. Successful applicants will be required to provide evidence of actual jobs created during the term of the funding agreement.**

During the Contract Term

How many new Queensland-based jobs are likely to be created by the applicant organisation or project partner/s as a direct result of the project during the contract term? *

See above definitions for further clarification

Future Jobs

How many future Queensland-based jobs are likely to be created within 3 years of contract completion by the applicant organisation or project partner/s as a direct result of the project? *

See above definitions for further clarification

Applicant Declaration

* indicates a required field

On behalf of the applicant organisation:

- I certify that:
 - I am authorised to submit this application on behalf of the applicant organisation
 - the information I have supplied in this form is true, accurate and not misleading to the best of my knowledge
 - I have provided a detailed project plan, budget and quotes for all project elements
 - I have read and accept the Terms and Conditions detailed in the Queensland Innovation Precincts and Places Infrastructure and Technology Program [Grant Agreement template](#).
- I acknowledge that
 - the Queensland Government may undertake any checks necessary to assess this application (subject to any written notification as to confidentiality).
 - an offer of funding under the QIPP - Regional Precincts and Places Infrastructure and Technology program will be subject to the applicant

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Privacy

The department is collecting personal information from you, such as your name, address, contact details of you and your organisation (including employees and partners), resumé, employment, payslips, asset and financial information and other information relevant to your application or provided by you.

This information is collected for the purpose of assessing and evaluating your application for funded projects, milestone reports, and other departmental functions to support organisations and industry through innovation programs and grants.

Personal information may also be disclosed where required for purposes associated with undertaking assessment of the application, including due diligence enquiries.

The email address you provide will be used to communicate with you about your application or program participation (if successful). For example, you may be contacted via email about participating in a survey, interview or focus group.

Dependent upon the email service provider you have chosen, this may result in your personal information being transferred overseas.

The personal information provided may be provided to other relevant Queensland Government departments and Ministers, for the purpose of publicly announcing or publishing details as identified in the guidelines and to promote those projects that have been funded. This may include the recipient's name and the amount of funding awarded, project details, agreed outcomes, and project progress.

De-identified aggregated data may also be used for the purpose of managing and evaluating the program and informing government.

QIPP Regional Infrastructure and Technology - Round 2 Application Form

Form Preview

Your personal information will also be used to provide the services outlined in the guidelines, and for the purpose of research, evaluation, promotion, and monitoring such services, and to improve and design services and programs.

Your personal information will not be otherwise used or disclosed unless authorised or required by law and will be managed in accordance with the *Information Privacy Act*. The provisions of the [Right to Information Act 2009](#) apply to documents in the possession of the Queensland Government

The Queensland government privacy policy can be found at: www.qld.gov.au/legal/privacy
